

# Donaldson's College

Date as postmark

Dear Parent/Carer

Throughout the current session, and as part of class studies/topics, it may be necessary for your child's class to go out on an educational visit. For local visits, ie. within Edinburgh and the immediate vicinity of the College, these visits would take place as and when necessary, without your permission being sought in advance. You will of course be informed of any outings well in advance by the class/register teacher.

However, additional visits outwith the Edinburgh area would be arranged etc. and a letter sent to you seeking permission before the outing takes place, and possibly requesting part payment for such an outing.

All visits will be held within the school day and therefore should cause no disruption to school transport etc. only on a very rare occasion would this not be the case but you would be kept fully informed and alternative transport etc. sought.

Yours sincerely

Janice MacNeill  
Principal

---

I give consent for \_\_\_\_\_ to take part in local visits throughout the current session with his/her class, as and when necessary.
